Richard, Here's the basic agenda we've been using for our annual meetings. If you'd like to provide more detail or additional items, let me know. As usual, each of our site team's will quickly run through the major aspects of our oversight activities surrounding radiation issues over the last year, and anything significant ahead.

John

John,

I look forward to our meeting next week at 9am on the 22nd. I was wondering if a call-in number could be made available for Robert Johnson to dial in. Robert is returning to the NRC as a rehired annuitant.

Regards,
Richard Chang

Yes, we're still on for July 22. I'll continue to be your coordinator for the time being.

John

Subject: 2014 NRC Annual Meeting on 7/22

John,

From our call at the end of April, I just wanted to confirm that NRC will be able to meet the morning of 7/22 for our annual meeting.

Is there a coordinator that I should be working with in regards to meeting start time, and location? I don't imagine the agenda changing much from last year, but closer to the meeting, I would like to share a proposed draft agenda for comment.

Thanks,
Richard
